Attn: FCC Docket 92-235

Dear Sirs,

The Board of County Commissioners of Hughes County would like you to know that we are opposed to a proposed rule limiting radio frequencies. This proposed rule would have a detrimental and possibly disastrous effect on county government communications. According to NACE, the industry does not currently manufacture equipment capable of meeting the proposed regulations. Also this would place an enormous cost burden on the county for replacement of equipment to meet the proposed standards. Your reconsideration on this proposed ruling would be appreciated. Thank you.

Sincerely,

  
Jerry Martin, Chairman

  
Larry L. Lee, Member

  
Bobby Ray, Member
